THE STATE OF NEW HAMPSHIRE

HOLDERNESS TOWN WARRANT 1979

To the inhabitants of the Town of Holderness in the County of Grafton and the State of New Hampshire qualified to vote in Town affairs:

You are hereby notified to meet at the Town House in said Holderness on Tuesday, the thirteenth of March next, at ten o'clock in the forenoon, at which time the polls shall be opened and shall close not earlier than six o'clock in the afternoon, to act upon the following subjects, the second and subsequent articles to be acted upon commencing at seven thirty o'clock in the afternoon of the same day.

Article 1: To choose all Town officers and to adopt the provisions of RSA 466:30 - a which makes it unlawful for an owner of any dog licensed or unlicensed to permit said dog to run at large, except when accompanied by the owner or custodian, and when used for hunting, herding, supervised competition and exhibition or training for such.

Article 2: To accept the reports of all Town officers and committees.

Article 3: To see if the Town will vote to raise and appropriate the sum of three hundred and fifty dollars ($350.00) to meet the requirements of RSA 442A in reference to the impoundment of dogs.

Article 4: To see if the Town will vote to raise and appropriate the sum of five hundred dollars ($500.00) for the support of local hospitals.

Article 5: To see if the Town will vote to raise and appropriate the sum of one hundred eighty-six and 55/100 dollars ($186.55) to maintain and continue the system of services of the Inter-Lakes Day Care Center.

Article 6: To see if the Town will vote to authorize the expenditure of two hundred fifty two dollars ($252.00) with accrued interest, to be used as a setoff against the budgeted appropriation for Town Officers' expenses and to authorize the withdrawal of said sum from the Anti-Recession Funds.

Article 7: To see if the Town will vote to raise and appropriate the sum of two hundred dollars ($200.00) to assist in maintaining the services of the Upper Valley Senior Citizens Council.

Article 8: To see if the Town will vote to return to the Federal Revenue Sharing Fund the sum of six hundred fifteen dollars ($615.00) representing the unexpended balance of the appropriation made under Article 7 in the 1978 Warrant for the purchase of a plow and sander.

Article 9: To see if the Town will vote to authorize the withdrawal from the Revenue Sharing Fund established under the State and Local Assistance Act of 1972 for setoffs against budgeted appropriations for the following priority items indicated, or take any other action thereon:

APPROPRIATION	AMOUNT
Police Department	$8,000.00
Fire Department	8,000.00
General Expense of the Highway Department	8,000.00

Article 10: To see if the Town will vote to appropriate the sum of five thousand dollars ($5,000.00) to be added to the Capital Reserve Fund established by Article 10 in the 1978 Warrant to finance the purchase of a new truck for the Highway Department and authorize the withdrawal of said sum for this purpose from the Revenue Sharing Fund.

Article 11: To see if the Town will make any alterations in the amount of money required to be raised and appropriated for the ensuing year for the support of the Town, as recommended by the Budget Committee in its report.

Article 12: To see if the Town will vote to authorize the Selectmen to convey real estate, acquired by it in 1978 by Tax Collector's Deed, to the original owner for the unpaid taxes, interest and costs, including legal fees; notwithstanding the provisions of RSA 80:42II and in accordance with the provisions of RSA 80:42III.

Article 13: To see if the Town will vote to provide workmen's compensation coverage for eligible employees by participating in the New Hampshire Municipal Association Self-funded Workman's Compensation Program, commencing April 1, 1979, and to authorize the Selectmen to take such action in furtherance of this vote as may be necessary.

Article 14: To see if the Town will vote to authorize the Selectmen to accept from Daniel F. Ryder, Jr., and Glen T. Kiedaisch, for use as Town Roads, a deed to the Town of two existing private ways, each 50 feet in width, known as Shingle Mill Lane and Trivett Lane (including the turnaround at the end thereof) as shown on a plan entitled "Heritage Hill Phase II Holderness, N.H. Survey and Plan by Elwin E. Macomber and J. March Dated February 1973 Revision I: April 1973 Revision 2: October 1973." and recorded in the Grafton County Registry of Deeds, Pocket 3, Folder 4, Plan 39. (By Petition)

Article 15: To see if the Town will vote to authorize the Selectmen to accept from 93 Realty, Inc., for use as a Town road, a deed to the Town of the existing private way, 50 feet in width, including the turnaround at the end thereof, as shown on a plan entitled "Proposed Subdivision Milford S. Morgan Farm, Holderness, N.H. Belonging to 93 Realty, Inc. Campton, N.H. Surveyed May 1971 by S.G. Hall scale 1 inch = 100 feet ..." which plan is recorded in the Grafton County Registry of Deeds, Pocket 2, Folder 4, Plan 17. (By Petition)

Article 16: To see if the Town will vote to increase the number of Library Trustees from three to six. One additional member to be elected for one year, one additional member to be elected for two years and one additional member to be elected for three years. (By Petition)

Article 17: To see if the Town will vote to authorize the Selectmen to accept local donations of $1,142.50 as matching funds for a grant of equal amount from the Highway Safety Agency for the purchase of radar equipment for the Police Department.

Article 18: To see if the Town will authorize the Selectmen to borrow in anticipation of taxes.

Article 19: To see if the Town will authorize the Selectmen to administer, lease, - sell, convey or otherwise dispose of any real estate acquired by the Town by any Tax Collector's deed in accordance with the provisions of RSA 80:42.

Article 20: To see if the Town will authorize the Selectmen to accept grants from the State of New Hampshire or the United States Federal Government.

Article 21: To transact any other business that may legally come before the meeting.

Given under our hands and seals this 20th day of February in the year of our Lord nineteen hundred and seventy-nine.

Donald E. Dana, Chairman
Irving R. Marsh
John L. Putnam

Vote on the Zoning Ordinance as Proposed by the Planning Board:
In Favor - 129 Opposed - 162

Article 2: To accept reports of Town officers. Motion was voted unanimously in the affirmative.

Article 3: To see if the town will vote to raise and appropriate the sum of $350 to meet the requirements of RSA 442 in reference to the impoundment of dogs. Voted in the affirmative with some dissenting votes.

Article 4: To see if the Town will vote to raise and appropriate the sum of $500 for the support of the local hospitals. Voted in the affirmative unanimously.

Article 5: To see if the Town will vote to raise and appropriate the sum of $195.69 to maintain and continue the system of services of the InterLakes Day Care Center (article inserted by petition). Voice vote to table the article was in the affirmative with opposition.

Article 6: To see if the Town will vote to authorize the expenditure of $1,947 with accrued interest, to be used as a setoff against the budgeted appropriation for Town officers' expenses and authorize the withdrawal of said sum from the anti - recession funds. Voice vote was in the affirmative without opposition. It was then moved that Article 5 be moved from table. Motion seconded. Moderator called for a show of hands and declared the results were more than the 2/3 required.

Article 7: To see if the Town will vote to appropriate $6,800 for a new plow and sander for the Highway Dept. Motion was voted unanimously in the affirmative.

Article 8: To see if the Town will vote to raise and appropriate $2,000 said sum to be added to the Capital Reserve fund established by Article 9 in the 1977 warrant to finance investigatory engineering studies in connection with the future needs of the Fire Dept. Voice vote was in the affirmative with some opposition.

Article 10: To see if the Town will vote to raise and appropriate the sum of $5,000 to establish a Capital Reserve Fund to finance the purchase of a new truck for the Highway Dept. and to authorize withdrawal of said sum for this purpose from the Revenue Sharing Fund. Voice vote was in the affirmative without opposition.

Article 11: To see if the Town will make any alterations in the amount of money required to be raised and appropriated for the support of the Town as recommended by the Budget Comm. The moderator read each article of the appropriation. Chief Gagne moved to add $2,000 to the police budget. Moderator called for a show of hands. Count was 68 affirmative, 39 negative. Moderator declared vote in the affirmative. Mr. Lyle Thompson, road agent, moved the town maintenance summer and winter be changed from $41,700 to $46,700. Show of hands resulted in 42 in favor and 46 opposed. Moderator declared the motion defeated. Mr. Tink Taylor moved to increase the conservation figure from $226 to $476. Voice vote was in affirmative with some opposition. Motion was made to reconsider the figure for the highway summer and winter maintenance. Voice vote was in the affirmative. It was then moved that the figure be increased from $41,700 to $44,700. Voice vote was in the affirmative with some opposition. Voice vote on the entire budget, with the above changes, was in the affirmative without opposition.

Article 12: To see if the Town will vote to authorize the prepayment of taxes and to authorize the collector of taxes to accept payment in prepayment of taxes in accordance with RSA 80:52a. Voice vote in the affirmative without opposition.

Article 13: To see if the Town will relinquish all rights title and interest of the Town to a so called Old Range Road lying between the northeasterly side of Coxboro Road and the southwesterly side of College Road. Voice vote was in the affirmative without opposition.

Article 14: To see if the Town will accept a deed to a fifty foot strip of land leading from Route 3 to the Town disposal area. Said land being, nominally, a gift to the Town by Norris Littlefield. Motion was amended to include that this property be used as a town road for town purposes only. Amendment was voted affirmatively. Amended motion was voted in the affirmative without opposition.

Article 15: To ascertain the sense of the Town concerning acquisition of the former Camp Squamasee property. Voice vote was in the negative.

Article 16: To see if the Town will authorize the Selectmen to promulgate an ordinance relative to the prohibition of dogs running at large. Show of hands was requested. 52 affirmative, 42 negative. Moderator declared the motion passed.

Article 17: To see if the Town will vote to authorize the Selectmen to borrow in anticipation of taxes. Voice vote was in the affirmative without opposition.

Article 18: To see if the Town will vote to authorize the Selectmen to dispose of real estate acquired by the town by tax collector's deed. Voice vote was in the affirmative without opposition.

Article 19: To see if the Town will authorize the Selectmen to accept grants from the State of N.H. or the US Federal Government. Voice vote was in the affirmative without opposition.

Article 20: To transact any other business that may legally come before the meeting: Mr. Tink Taylor moved that a Zoning Study Comm. be established by the Selectmen and that said committee shall be directed to work on the preparation of a land use ordinance to be presented to the people of this Town in January 1979 according to state law. Voice vote was in the affirmative with opposition.

Meeting was adjourned after a motion by Mr. Thompson, seconded by Mr. Putnam.

Gertrude L. Elsner
Town Clerk

Donald E. Dana, Chairman
Board of Selectmen
P.O. Box 15
Holderness, N.H. 03245

Dear Mr. Dana:

This communication is intended to serve as a status report on the examination made by this division of the accounts and records of the Town of Holderness.

The auditor's report and summary of findings are currently awaiting final Division review in keeping with our established policy. We do not expect to be able to submit a report of this audit prior to the publication of the 1978 Annual Report.

We regret the inconvenience which this may cause. However, we fully expect that our report will be finalized and forwarded to your office in the very near future.

Very truly yours,
Lorraine F. Racette
Assistant Director

LFR:sf

DUE TO THE ABOVE IT WILL BE IMPOSSIBLE TO INCLUDE THE AUDIT IN THE TOWN REPORT. THE AUDIT WILL BE AVAILABLE TO THE PUBLIC IN THE TOWN CLERK'S OFFICE WHEN IT IS RECEIVED BY THE SELECTMEN.

LIBRARY TRUSTEES 1978 REPORT

The Holderness Free Library had a good year.

A new roof was installed on the vestibule at a cost of $595.00, which put a big dent in our budget.

Attendance was up with 32 new cards issued.

The book committee - Sandy Heath, Alisoun Hodges, and Emile Martel - improved our book inventory. A good job well done.

The Trustees have continued their close association with the State Library.

The summer reading program was very good.

The Holderness Central School children have prepared and posted very attractive exhibits each month. They are just great.

The Holderness Historical Society held a meeting at the library in November. The library is available to any organization wishing to use its facilities.

HOLDERNESS FREE LIBRARY

REPORT OF LIBRARIAN

The Holderness Library has had a very busy year. The circulation this past year was over 5,000 books. There were 153 local people taking out books and nearly that many summer people.

The Bookmobile came four times and we took 2437 books with about 600 of them going to the Holderness Central School to supplement the books in their school library.

We added many new books this year and also received many for gifts for which we are most appreciative.

We had a very successful Summer Reading Program with thirty children participating. Our youth program was further augmented by many exhibits by the students of the Holderness Central School. We greatly appreciate the cooperation of Principal Robert Eames, his staff and the students for these timely and excellent presentations which serve to generate additional interest in the library and its services.

The library is open on Wednesday from 10 A.M. to 12 noon, and 1 P.M. to 6 P.M. and on Saturdays from 10 A.M. to 6 P.M. Won't you come in and look around and see what a fine library Holderness has?

Arline MacDonald, Librarian

REPORT OF THE SELECTMEN

We have been advised by the Department of Revenue Administration that in the last two years, based on analyzed market sales, property values in the Town of Holderness have increased 20% and that our equalized valuation is now $53,626,910. This does not include an additional $1,952,180 not reflected in the gross equalized valuation due to the impact of the Current Use tax shelter. Since assessments against the Town by outside agencies such as Grafton County and others are based on the equalized valuation this increase should be carefully studied. Our current assessments are based solely on 1975 values, reducing the potential tax base by about 22%. Should this upward trend in land values continue, it is highly probably that the Town will have to consider revaluation in the not too far distant future.

In the later part of last year we received copies of a water quality management plan for the Lakes Region from the U.S. Environmental Protection Agency. This plan recommends that Holderness adopt several courses of action including zoning and additions or changes to our subdivision regulations. For these reasons the Zoning Committee unanimously recommended that the promulgation and presentation of a zoning ordinance be referred to the Planning Board for further action, which is also in accord with R.S.A. 31:60-89. A word of caution to the community should be added at this point. The Environmental Protection Agency in its covering letter stated that "each community may be required to make financial and land use commitments as a result of these decisions," the decisions being the recommendations in its report. It would seem logical, therefore, to make every effort to comply with the recommendations with our

own regulations as opposed to being placed in a position of being forced to accept those drawn up by outside governmental agencies.

The Selectmen in discharging the Zoning Committee, Chairman Peter Hodges, Frances Ayer, Bert Flint and Frank Wolf, take this opportunity to commend them for their dedication, effort, study and time expended in producing a major contribution to the process of establishing home rule in our community, albeit unsuccessful. Our thanks to each one for his unselfish efforts.

Inasmuch as the Town indicated a desire to have an effective dog ordinance, provisions were made to place the State Standard Dog Control Law on the ballot as provided by RSA 466:30A

We wish to express our appreciation to all our Town officers, committee members, department heads and employees for a job well done. Each year as the Town grows in population and increased housing units, the demands for all forms of municipal services become proportionally greater. The Town is a $53,000,000 corporation operating largely with part time help and at the lowest cost possible in these days of fiscal instability.

Donald E. Dana, Chairman
Irving R. Marsh
John L. Putnam

REPORT OF THE HOLDERNESS POLICE DEPARTMENT

Within the field of Department personnel, Officer Mike O'Donnell resigned to enter the N.H. Fish and Game Department. Though sad to see him go, we know he is quite happy in his new endeavor. Mike's replacement was Craig Cheney, another product of the surrounding locale. Craig previously worked for Plymouth State Security and the Plymouth Police Department. He successfully completed the 39th class of the N.H. Police Academy, and attends Plymouth State part time. The summer bridge coverage was provided by Ron Fullerton, a Plymouth State student. There was one promotion within the department and that was of Darryl Zampieri being promoted to Sergeant.

Education is a big factor within the Department and we all strive to learn as much as possible about matters in which we will come in contact, within the criminal justice field. Chief Gagne successfully completed a school for Managerial Budgeting. Sgt. Zampieri attended and completed the Breathalyzer Specialist Training. The Police Standards and Training Council has also started correspondence courses on police work, and both Officers Zampieri and Cheney are taking these.

A big step for the Department has been the addition of the KR-11 radar system. This is the finest radar in use today and with proper training and use we are sure it will be an asset to the Department. This unit was obtained through private donations and matching government funds. All within the force would like to take this space to give special thanks to the Holderness Boy's School who initiated this funding. We would also like to thank the rest of the contributors at this time;

Holderness Boy's School, Squam Boats, Squam Lake Resort
The Common Man, White Oak Motel, Old Colonial Eagle Motel
Smith Piper Store, Lakeview Lanes, Squam Lakes Exxon
White Hat Restaurant, Gary Mack, Mastro's Plumbing and Heating
Old Mill Properties, Collins Cotton Cove Cabins, Rockywold-Deephaven Camps.

While in the course of investigations, our officers find a lot which can be done in the area of crime prevention by you people in your own homes. Following is a list of several things which you can do, will only take a minute, and all act as a deterrent to the criminal element.

1. Get in the habit of removing your keys from the car or truck and lock up the vehicle.
2. Lock your house, garage, shed, barn doors.
3. Make use of night lights or timers, if possible.
4. If you're going away, notify the police. Let us know for how long and where you can be reached. We don't want to pry into your affairs but this info is helpful in an emergency.
5. Also have a friend check your place. Have the mail taken care of, have him move around any vehicles in the yard, to make it look inhabited.

We would also like to remind all to drive safely during the coming year. Again, if you observe something suspicious notify the police. When you call and a dispatcher answers, give him the necessary information and if needed, inquire how long before a cruiser can respond.

Respectfully submitted,
Richard J. Gagne, Chief
Darryl Zampieri, Sergeant
Craig Cheney, Patrolman

FIFTY-SIXTH ANNUAL REPORT OF THE HOLDERNESS FIRE DEPARTMENT

There were 17 more requests for assistance in 1978 than the year before (16 more than in 1976, 18 more than 1975). Of the 53 responses during the period from December first, 1977 through November thirtieth, 1978, 27 were in Holderness. Five of these were of a general nature, 7 were chimney fires, 4 were brush or grass, 7 involved motor vehicles and 4 were for medical assistance. The remaining responses were to help our neighboring communities.

Chimney fires, more common now that many residents are turning to wood heat, constituted 25% of all structure fires. But it is encouraging to note that this is half the percentage of a year ago. The increasing use of "air-tight" woodstoves has caused us serious problems associated with incomplete combustion -- namely creosote build-up in flues and stovepipes. One chimney fire in 1978 got so hot that it caused extensive cracking necessitating expensive flue replacement from the second floor up.

Our records show that the most serious chimney fires occur in late winter although we are often called upon during the fall start-up period.

KEEP YOUR FLUE AND STOVEPIPES FREE OF SOOT AND CREOSOTE EVEN IF IT MEANS A MID-WINTER CLEANING! Your home is worth it.

Curiously the department received no requests for search and rescue in 1978. We can only assume that all hikers and hunters found their way out of the woods and that no children decided to explore the mountains.

The Lakes Region Fire Dispatch Center in Laconia now has a fairly comprehensive record of most of the buildings in Holderness. As we travel to a fire or other distress call, the radio dispatcher informs us if there is any invalid in the house, where we are apt to

locate an elderly person, sources of water or other special circumstances firemen should know about.

But this special service is only accurate and up-to-date if we are informed of changes which take place.

The best way to insure a safe rescue or effective fire supression is to have someone there who knows the building. Don't all rush over to a neighbor's to wait it out.

If you are located at the end of a long road, send someone out to the main highway to direct fire apparatus to the scene.

We now carry a small pram-type boat atop our GMC fire truck and have a larger aluminum boat in the fire station for water rescues. An old snowmobile is also being refurbished by one of our members.

But the best "equipment" against any tragedy is the cooperation of all townspeople, seasonal residents and visitors alike. Only they can help us hold down the number of times we have to mobilize our men and equipment.

Our average response time* this past year was 2.36 minutes, three-tenths of a minute improvement over the year before. But with longer distances to travel in 1978, our average time for arrival on the scene** was 9.17 minutes, better than two-and-a-half minutes over the previous year.

BE SURE YOU NEED OUR HELP; FALSE ALARMS COST MONEY.

Respectfully submitted,
Tink Taylor, Clerk

HOLDERNESS FIRE DEPARTMENT - CALLS FOR HELP
(December 1, 1977 to November 30, 1978)

December	
12	Mutual Aid, Moultonboro
12	Mutual Aid, Sandwich
20	White Hat Restaurant, truck fire
27	Clark's, Route 3, chimney fire
January	
1	Mutual Aid, Moultonboro
2	Mutual Aid, Ashland
5	Remington's, Sucker St., chair fire
9	Mutual Aid, Moultonboro, cover truck
5	So. Graton, oxygen call
February	
2	Goodridge's, Kesumpe Point, chimney
9	Mutual Aid, Ashland, cover truck
12	Murdock's Pine Acres, chimney spread to partition (actually in Ashland)
13	Hunter's, Route 175, owner extinguished
16	Deming's, car wash
17	Town Dump, fire in compactor

March	
7	Jirkofsky's, McCrillis Hill Rd., chimney
17	Shepard Hill, gas wash down/wreck
19	Drew's, Coxboro Rd., smoke/flooded oil burner
April	
2	D. Howe Sr., Howe Rd., chimney
9	Mutual Aid, Sandwich (D. Emerson)
9	Mutual Aid, Ashland, trailer fire
15	G. Merrill's, Mt. Prospect, chimney
29	P. Hodges, Route 3, chimney
May	
14	Mutual Aid, Ashland, Woolen Mill
24	Burke's Trucking, Route 113, car fire
June	
4	Mutual Aid, Moultonboro
12	Mutual Aid, Ashland, W. Hanson
18	A. Hunter's, Coxboro Rd., oven fire
July	
7	Mutual Aid, Waterville Valley
14	Mutual Aid, Ashland
15	Country Store, gas wash down
15	Preston's, Mooney Point, brush fire
29	Pine Shore Cabins, medical assistance
August	
21	Old Colonial Eagle Motel, Route 3, grass fire
30	Country Store, gas wash down
September	
9	Power Lines, Route 175
9	G. Murphy's, Coxboro Rd., power loss
9	P. Hiam, Paugus Cove, activated fire alarm
9	Dump road, vehicle rolled over
13	Lunsberry, Route 3, medical emergency
21	PSC Field House, bonfire
23	Mutual Aid, Meredith
25	Mutual Aid, Ashland, cover truck
October	
3	Mutual Aid, Meredith
8	Mutual Aid, Ashland, Old Paper Mill
8	Lunsberry's, Route 3, car fire, Laconia FD responded
9	Bowling Alley, medical assistance
12	Mutual Aid, Moultonboro (covered Centre Harbor Fire Station)
20	Mutual Aid, Campton (for Waterville Fire)
November	
4	Mutual Aid, Waterville Valley
5	Squam Lakes Resort, Shepard Hill, gas leak
6	Willoughby Ridge, Route 113, brush fire
7	Kelly's Auto Parts, Route 175, car fire

* the time from sounding the alarm to driving the truck out of the fire station.

**the time from sounding the alarm until arrival at the scene (includes fires out of town).

Cover truck - standing by in someone else's fire station in the event of another fire in that town.

1978 ANNUAL REPORT OVERSEER OF WELFARE

Under present welfare guide lines, applicants must sign prepared forms attesting to their need, those considered eligible receive one or more food orders to tide them over until some arrangement is made for self support. During the year five families were interviewed, of which two received help.

Respectfully submitted,

Laura Heath, Overseer

ANNUAL REPORT FOR HOLDERNESS PLANNING BOARD

The Holderness Planning Board has held twelve regular monthly meetings during the calendar year, 1978, during which 16 subdivisions have received consideration and approval by the Holderness Planning Board. Three other subdivisions, received near the end of the year, are still pending, awaiting final maps, or other required data for study.

About half of these meetings have been "combination meetings." (As required by RSA 36:21) often two or three Public Hearings will be on the agenda, which are later followed by the regular monthly business meeting.

The N.H. Planning Enabling Legislation, RSA 36:21 requires a Public Hearing be held for each subdivision. Owners and abutting land owners must receive special notice by registered mail with return receipt, acquainting them with the time and place of the Public Hearing. These notice must be prepared and mailed so that they will be received at least five days before the scheduled hearing date. Preparation for such Public Hearing can be a considerable task, when there are any number of abutting land owners, which on one occasion numbered 17 for one subdivision! At present postage and printing rates, the expense is $1.95 per abutter, and sometimes exceeds the application for subdivision approval fee.

The regular monthly meeting of the Planning Board convenes following the Public Hearings.

Three additional "special" meetings were also held this year. For the first time since Holderness became a member of the Lakes Region Planning Commission some eight or nine years ago, Holderness was host for a full Commission meeting. This would have been an excellent opportunity for some of the towns folk and officials to acquaint themselves with some aspects of the work of the Commission, which represents twenty one towns and one city in the Lakes Region. However, in the group of thirty three there were only three guests from Holderness, in spite of newspaper publicity.

At another special meeting, which was attended by the Selectmen, there was the opportunity to listen to John Dicky from the Lakes Region Planning Commission offices, in which he briefly discussed the results of the Commission's nearly three years, U.S. Government funded, Study on Regional Land Use, and the Alternative futures that all communities in the Lakes Region face.

Mr. Dicky briefly discussed many of the problems, mainly of growth, that confront all towns. All of the towns in the state have had, or are having, much the same problems. For some of the towns in the southern part of the state "the hour is late." For the communities in the Lakes Region, and this includes Holderness, there are three alternative "futures" from which we may have a choice, if we are alert.

#1. **Current Trends** . . . that pattern of growth that has occurred over the years . . . "do nothing, let's drift," no policy.

#2. **Environmental Protection and Energy Conservation** . . . strong sincere concern for our environment, your land and mine, and a recognition that our traditional energy sources are finale in quantity. Strong regard for land use, save it NOW, or lose it, there will **never be any more.**

The third alternative is a **sewage line around the lakes,** a policy which leads to maximizing the development. A sewage line from Ashland to the bridge, at today's prices, would cost $4,000,000 (if the Ashland plant could take us on.) There would also be an additional personal expense for every home owner, depending on the distance his dwelling might be to the road connector line. How many hundreds or thousands of personal dollars would that cost? and after that would be the yearly cost for maintenance.

It would seem to the writer that alternative #2 is the one and only way that the Town of Holderness should travel. At the 1978 Town Meeting, Zoning was defeated by a narrow margin. Some people get "hysterics" at the word: "zoning" as such. However, zoning ordinance is simply a set of regulations or rules, not unlike the rules, physical, mental or spiritual, of every-day living. We need regulations or ordinances that can guide growth and protect and preserve our beautiful town, whose natural resources nature has bestowed to our care, and on which most of the **economy** and livelihood of the Town and region depends.

We need and the law clearly states, that Holderness (and all towns in N.H.) must have a Comprehensive Plan. In 1970 or '71 the Town appropriated $5,000 to go with $15,000 of 701 Federal Money, for formulating a Master Plan. Six months later the promised 701 money was withdrawn, and the Town appropriation could not be used, and went back to the "General Fund." Formulating a Comprehensive Plan for the Town takes time for study and formulation.

Many Town Planning Boards meet at least twice a month, one meeting of which is given over to the study of the Town's needs. If enough citizens can participate, the cost of formulating the Comprehensive Plan can be greatly lessened. Several of our Lakes Region towns, with the help of the Lakes Region Planning Commission, are currently busily engaged in such a project. We have a choice NOW . . . let's get busy. Several communities have lost costly court cases because they lacked **up to date, far reaching** land use plans "on their books."

The Lakes Region Planning Commission, for the third successive year, last autumn held a very interesting and informative six session Legal Seminar. Six leading legal authorities on successive Thursday evenings, in six different communities around the state, discussed various phases of planning, zoning, roads, and the legal aspects of many areas of Municipal Government, and the problems that confront many New Hampshire towns.

The Lakes Region Planning Commission and it's library are valuable resources of information on land use problems, and it is available to Town Officials, Planning Boards and citizens of member communities. Most of the land use maps, so valuable in our

Planning Board work, were designed and made up by the Commission. There are monthly membership meetings in some one of the member communities on a rotation basis. The weather man this winter has not been "too considerate". Stormy nights seem to have prevailed.

The following is the financial report of the Planning Board for 1978.

Total amount appropriated for Town Planning for 1978		$1,825
Disbursements		
Holderness Share for Membership in Lakes Region Planning Commission	$ 1,150.00	
Planning Board Expenses - postage, photocopy paper, ect.	432.79	
Total Planning Board Expenses for 1978		$1,582.79
Unexpended amount of 1978 appropriation remaining in Town Treasury		$242.21

This surplus occurred because the pressure of certain Planning Board activities again prevented the planned and much needed revision and reprinting of the Town's Subdivision Regulation booklets. The Lakes Region Planning Commission's free printing (last year) of some of these booklets was indeed a "good will" act, but the revision and reprinting is currently an urgent need, and must become an expense very shortly.

Fortunately there was no need this year for legal expense. The Planning Board Chairman paid his own, and Mrs. Staples tuition for the Legal Seminar, hopefully being aided in later dealing with some of the Board's problem situations.

The total amount received by the Planning Board for Application for Subdivision fees and sale of Subdivision Regulation Booklets totalled $284.10 and this amount has been forwarded to the Town Tresurer. This latter amount is actually income collected from the subdividers, and thus actually lessens the actual cost of Town Planning.

Members of the Planning Board are:

Capt. E.M. Waldron	Frances Ayer, Secretary-Treasurer
Milton Huckins	Lawrence M. Staples, D.M.D. Chairman
Jon Bourne	Donald Dana, Selectman Representative
Peter Hendel	

Representatives to the Lakes Region Planning Commission are:

Lawrence Flint
Lawrence M. Staples, D.M.D

Respectfully submitted,
Lawrence M. Staples, D.M.D.
Chairman

REPORT OF THE PEMI-BAKER HOME HEALTH AGENCY

The Pemi-Baker Home Health Agency continues to provide greatly needed home health care to member communities in our area. This service becomes more important each year as hospital costs rise because it enables patients to leave the hospital earlier. This lightens the financial burden as well as increasing the well-being of patients recovering in their own homes.

Last year Pemi-Baker supplied the following services to Holderness Residents:

Stilled nursing home visits	130
Professional home health aide visits	30
Trained Homemaker visits	381
Blood pressures taken at clinics	109
Diabetic screenings	7

In addition to the above services Pemi-Baker Home Health Agency held five immunization clinics giving children free shots for measles, mumps, rubella, diptheria, polio, tetanus and tuberculosis testing. New-born evaluation visits were also made when requested.

We are blessed with a competent and compassionate staff whose care of patients goes far beyond the routine. The services of the nurses and Home Health Aides must be recommended by a physician but anyone may request help from the Trained Homemakers. Many of the charges are covered by Medicare, Medicaid, and Blue Cross - Blue Shield. When not covered by these agencies patients are charged by their ability to pay. If you have questions about the Agency you may call the office in Plymouth or your Town representative.

Eleanor Wolf
Holderness Member Pemi-Baker
Home Health Agency
Board of Directors

HOLDERNESS HEALTH OFFICER'S REPORT

Since August, 1978 there have been six (6) permits issued for the proper handling of waste matter and three (3) calls answered relating to health matters concerning the welfare of the Town.

I have spent several hours with Town and State Officials in connection with town and state regulations.

Individuals should be made aware of the fact that in any construction of a septic system either new or a change in an existing one, state and town approval must be obtained.

Russell R. Moren
Health Officer

REPORT OF THE HOLDERNESS PARK BOARD - 1978

Prior to the opening of the beach on July 1, 1978, Boy Scout Troop #70, and Cub Scout Pack #70 assisted the Holderness Park Board Committee, by mowing grass, and cleaning the beach area. Also, life lines and the float were placed at this time. Mr. Lyle Thompson and his crew hauled two more loads of beach sand, and removed hazardous stones that were on the beach. Stan Graton removed hazards near the float area. Paul Needham assisted again by connecting water lines and associated toilet facilities.

A total of $760.00 was turned in to the Selectmen from the sale of beach tickets. The reason we were unable to provide swimming lessons in 1978 was because we could not find a candidate for life guard who had the Water Safety Instructor certificate. However, for 1979 we have received applications for the position, and we are very pleased to announce that one has the necessary requirements, and has been hired for the summer!

We have been informed by the State Health Inspector that it is a requirement that all rest rooms be equipped with wash basins, so we are going to make every effort to comply with this request this year.

We would like to thank all who helped us this past year, and we look forward to greater participation in the use of the beach in 1979. Tickets will be available again this coming year in the same locations.

Respectfully submitted,

Sue Gehling, Chairman
Roger Gage
Ken Hawkins

ELEVENTH ANNUAL REPORT OF THE CONSERVATION COMMISSION

As your commission embarks upon its second decade, a look back to 1968, when the town meeting unanimously voted to adopt the state law providing for local conservation commissions, is appropriate.

Charged by this same state law (RSA 36-A, amended) with the protection of the town's natural resources, your commissioners, over the past ten years, have mostly concerned themselves with such matters as determining various soils capabilities, designating valuable wetlands and natural areas, recommending ways to keep our lakes and ponds from becoming polluted, establishment and care of the town forest, aesthetics and other issues of concern.

We have also provided initiative in a variety of conservation education areas with school programs, films, books and by sending Holderness young people to conservation camp. On occasion we have met with neighboring towns to learn what they are doing.

A STUDY OF WETLANDS

A wetlands inventory, authorized by a vote at last year's town meeting, is now complete. Biologist Barry H. Keith spent several days plodding around the town's more important marshes estimating their size, hydrological importance, vegetative cover, floodplain potential and groundwater recharge ability.

Wetlands play a very crucial part in every community fortunate enough to have them within their borders. In addition to helping recharge nearby wells they act as "living filters" straining out human pollution. Their role as wildlife habitat is unquestioned.

The Holderness wetlands study, comprising 304.6 acres (123.3 hectares) of marsh, took in the territory between Owl Brook and the Perch Pond Road to the Holderness boundaries with Centre Harbor/Moultonboro/Sandwich/Ashland and Campton.

The wetlands inventory was financed by a $250 appropriation from the town, a similar gift from the White Oak Pond Watershed Association and a matching $500 from the Squam Lakes Association. In the future, if the town is faced with a proposal to fill in or dredge up a major wetland we will have a better idea of its long range impact. Another state law (RSA 483-A) requires local conservation commissions to monitor potential damage to wetlands.

SOLID WASTE DISPOSAL [Dump]

In our 1968 annual report, we recommended moving the town dump, precariously perched at the edge of White Oak Pond in the Lamb Swamp drainage. At long last an arrangement has been worked out whereby both organic and non-biodegradable refuse is hauled out of town. Although this is not a final solution to the excessive amount of waste our society generates, it does remove the problem from our immediate area for the time being.

Under the diligent efforts of our late Commissioner Al Bushnell, we reclaimed and sold almost 100,000-pounds of thrown away glass. Some day we would like to see recycling return. The Proceeds could help offset the increasing costs of hauling refuse out of Holderness.

TOWN FOREST

In 1973 Holderness voters approved the establishment of a 50-acre town forest, an idea which this commission had first considered in 1971. During 1978 we authorized the first timber harvest, allowing volunteers from the Central School to take almost 1200-board feet of white pine for construction of playground equipment. This saved the school district an estimated $700.

Although we have mentioned it in past annual reports, efforts to open the town forest for the cutting of home fire wood have not yet materialized. But we plan to keep working toward eventual solutions to various logistical barriers.

TRAINING

Not only have we supported the training of our young people in the need to protect natural resources, but various members of our commission, over the years, have themselves been schooled. In 1978 one commissioner attended a 12-week training course given in Meredith and sponsored by the N.H. Association of Conservation Commissions. We contribute $40 a year to belong to the state association. Classes given in 1978 included forestry, proper land use, state and federal regulations, wetlands protection, clean air and recreation.

We receive other benefits by belonging to the state association; a newsletter, handbook, annual meeting, periodic dredge and fill bulletins and technical assistance.

Respectfully submitted,
Richard "Buzzy" Currier
Derwood Corbett
Kent Smith
Tink Taylor, chairman

REPORT OF TOWN HALL COMMITTEE

With money that had been appropriated, the following improvements were completed at the Town Hall.

Portion of road at the Town Hall and walkway to the Town Offices were resurfaced.

Storm enclosure to the entryway to the Town Offices, which is removed during the summer months, was constructed and installed. This enclosure received a second coat of paint by the Highway Department prior to being repositioned last Fall.

Shelves have been installed within the two closets; one in the Town Treasurer's Office and the other at the end of the downstairs hallway. These closet shelves provide much more storage area.

The utility room has been fireproofed.

Many townsfolk have made mention of the steps to the entranceway to the Town Hall being difficult to navigate with the riser of the top step at a height of 10¾", while the other steps have an 8" riser. We suggest this situation be remedied.

Patricia Ford, newly elected Matron of the Livermore Falls Grange, replaces Peg Winton as a Committee Member.

This Committee welcomes any suggestions in reference to improving the appearance and/or operation of your Town Hall.

Respectfully submitted,

Paul M. Needham, Chairman
Kent Smith
Peg Winton

CIVIL DEFENSE REPORT

Since my appointment in February 1978, I have attended several meetings with representatives from the Concord Civil Defense headquarters.

Some of these meetings concerned the duties of a Civil Defense Director, and information as to what to do in emergencies such as floods, bad storms, airplane crashes, etc.

A 1979 FY Program paper for the Town of Holderness has been completed.

Earl Hansen has agreed to serve as Assistant Civil Defense Director. Mrs. Linda O'Donnell has volunteered to be secretary. As Director, I am still looking for some volunteers who would be interested in helping in an emergency as Civil Defense workers. In March 1978 we had a couple of threats of high water from an ice jam, but there was no property damage.

Gary A. Mack
Civil Defense Director

REPORT OF THE HIGHWAY SAFETY COMMITTEE

The Town of Holderness had to appoint a Highway Safety Committee and select a chairman in order to qualify for fifty percent matching funds from the Highway Safety Agency to aid in the purchase of a radar.

The Committee will hold meetings to develop highway safety programs, identify problems or needs, to establish objectives, determine priorities, and implement projects.

Richard J. Gagne, Police Chief
Irving Marsh, Selectman
Donald Goodridge, Resident
Barbara Currier, Resident

HOLDERNESS SCHOOL DISTRICT MEETING
MARCH 8, 1978

The meeting of the Holderness School District was called to order at 7:35 at Holderness Central School by moderator, Larry Roberts. At least 100 townspeople were present and board members: Mr. Barlow, Mr. Cirincioni, and Mrs. Heyman; principal, Mr. Eames.

Moderator Roberts suggested that the first article be tabled until after all articles had been voted.

Mr. L. Spencer moved and Mr. Hansen seconded.

ARTICLE I: I move that the hearing of the reports of agents, auditors, committees of officers chosen be tabled until all articles have been voted on.

The vote was in the affirmative.

Mr. Cirincioni moved and Mr. Barlow seconded.

ARTICLE II: I move that the District will appropriate $25,000 for the repair or replacement of the school building roof, and determine that the borrowing shall be done under the Municipal Finance Act.

Mr. Flint asked if the amount was to be used for anything else. No, answered Mr. Cirincioni. $600 of this year's contingency fund has been used already.

Mr. Taylor wondered if the figure was accurate according to bids. Mr. Cirincioni answered no, that there could be no formal bidding until the money was appropriated.

The vote was in the affirmative.

Mr. Cirincioni moved and Mr. Barlow seconded.

ARTICLE III: I move that the sum of $497,455 be raised and appropriated for the support of schools, for the salaries of school district officials, employees and agents and for the payment of statutory obligations of the District.

Mr. Taylor, Sr. asked about the $5,249 increase in bus transportation. He was told that $1,600 represented the added bus route to the high school to pick up students at 2:35 and take them to Holderness Central dropping students on the way whose homes

were on the Plymouth side of town. The rest of the increase represented increased cost to the bus company.

Mrs. Staples wondered how many students would take advantage of the early run. It cannot be determined now but Mr. Cirincioni felt the added service would be used. The route could be deleted from the bus contract if it was not used.

She then asked if the town received anything from the state for special education. Mr. Barlow responded negatively and talked at length on the implications of educating an average of 4-6% of the school population (special education category) where costs may easily rise to $15,000/year in some cases and the state requires schooling from age 3 - 21.

Mr. Taylor, Sr. wondered whether money was alloted for interest in paying back the loan the board will have to take out for the roof. Yes, was the response.

The vote was unanimous in the affirmative.

Mrs. Staples moved and Mrs. Ayer seconded.

ARTICLE IV: I move that the District vote to require the School Board to publish a detailed statement of payments, including salaries and wages, in the annual School District report, such statement to be of the same type published by the Selectmen in the Town Report. (this article inserted by petition)

Someone who had signed the petition for this article was asked to speak. Mrs. Ayer explained that since the teachers were being paid by the taxpayer, their salaries should be known. Thorton School District and the State University publish their salaries.

Mr. Cirincioni stated four reasons why the board was opposed: 1. the information is readily available at the Superintendent's office for anyone to call and find out; 2. students could use this information to disrupt a class; 3. turnover in teachers does not make the last year's report always accurate; 4. cost to the district would be over $400.

After much discussion pro and con, a hand vote was taken: 29 - yes and 36 - no. The vote was in the negative.

Mr. Taylor, Jr. moved and Mr. Cirincioni seconded.

ARTICLE V: I move that the article be tabled to raise $400 to cover expenses of the District incurred in the implementation of Article IV.

The vote was in the affirmative.

Mr. Barlow moved and Dr. Staples seconded.

ARTICLE VI: I move that the article be tabled which would raise and appropriate money for the implementation of morning transportation for high school students residing more than one half mile from an established school transportation route.

Discussion on a family on the East Holderness road whose child will have to walk two miles next year. If that child were serviced, then 15 to 20 more students will also be eligible throughout the town at the cost of between $17,000 and $20,000.

The vote was in the affirmative.

Mr. Taylor, Sr. moved and Dr. Staples seconded.

ARTICLE VII: I move that the District authorize the School Board to make application for, accept, and expend on behalf of the District any and all grants or offers or other funds for educational purposes, which may now or hereafter be forthcoming from any Federal, State, and local governmental or private agencies.

The vote was in the affirmative.

Article I was brought off the table. It was discovered that only a handful of people had received town reports since they had only been available two days beforehand. It was recommended that reports be more readily available.

The vote was in the affirmative.

Under new business,

ARTICLE VIII: To transact such other business which may legally come before said meeting.

A thanks was given to those who attended the budget hearing and thus helped to make the meeting run more smoothly.

Kevin Barlow was given a round of applause for his years of dedication on the board.

The meeting was adjourned at 9 P.M.

Respectfully submitted,
Georgene W. Fabian
School District Clerk

ADDENDUM
TO
HOLDERNESS SCHOOL DISTRICT MEETING
MARCH 8, 1978

Please insert in Article II after "the vote was in the affirmative":

The vote was also unanimous.

Please insert in Article VIII after "to transact such other business which may legally come before said meeting":

Tink Taylor reminded the moderator that the Article II vote must be recorded as at least a two-thirds majority.

Respectfully submitted,
Georgene W. Fabian,
School District Clerk

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District in the Town of Holderness, County of Grafton and State of New Hampshire, qualified to vote in District Affairs.

You are hereby notified to meet at the Holderness Central School in said District on Thursday, the fifth day of April, 1979 at 7:30 o'clock of said day to act upon the following subjects:

Article 1: To hear the reports of agents, auditors, committees or officers chosen and to pass any vote relative thereto.

Article 2: To see if the District will vote to establish a contingency fund in accordance with Revised Statutes Annotated 198:4-b such a contingency fund to meet the cost of unanticipated expenses that may arise during the year and, further, to see if the District will appropriate the sum of $1,000 for this purpose.

Article 3: To see if the District will vote to authorize the School Board to make application for, accept, and expend on behalf of the District, any and all grants or offers or other funds for educational purposes, which may now or hereafter be forthcoming from any Federal, State, local governmental or private agencies.

Article 4: To see what sum of money the District will vote to raise and appropriate for the support of schools, for the salaries of school district officials, employees and agents and for the payment of statutory obligations of the District.

Article 5: To transact such other business which may legally come before said meeting.

Given under our hands and seals this fifteenth day of March, in the year of our Lord nineteen hundred and seventy-nine.

HOLDERNESS SCHOOL BUDGET

*The report of the state auditors on the finances of the Holderness School District for the Fiscal Year 1977-1978 which ended June 30, 1978, has not as yet been received. In the absence of any advisory to the contrary, the following statement of accounts, which was submitted to the NH Department of Revenue Administration in September, 1978, is presented here as a fair and accurate reflection of the results of financial operations of the school district for that period.

	Line Item	*1977-1978 Adopted Budget	*Actual Expenditure 1977-1978	1978-1979 Adopted Budget	School Board's Budget Comm. Recommended Budget 1979-1980

Net of Revenue & Expenditures (deficit)	($918.82)

REPORT OF THE SUPERINTENDENT'S OFFICE

In the past few years we have been asked to explain the function of a supervisory union and its relation to the local school board and the state. The following statement extracted from the New Hampshire School Boards Associations pamphlet "New Hampshire Public Schools" hopefully provides a succinct answer to the question.

New Hampshire school law states that the State Board of Education has "the same powers of management, supervision, and direction over all public schools in this state as the directors of a business corporation have over its business, except as otherwise limited by law." The state of New Hampshire has 174 school districts which the State Board of Education has divided into 50 supervisory unions, each administered by a superintendent of schools.

Schools, like other public agencies and business corporations, much have a management system. The New Hampshire school management system is the supervisory union. School Board members who are elected by the voters of their individual school districts comprise the policy making supervisory union school board. The superintendent shall serve as the executive head of the public schools, and shall be responsible for planning and administering their affairs subject to statutory requirements, the regulations of the State Board of Education, and the policies of the local districts. In performance of these duties, the superintendent shall be directly responsible to the State Board of Education through its commissioner, and the board or boards of the supervisory union.

Supervisory union budgets, following a public hearing, are annually voted by the supervisory union school board. The budget provides for the salaries of the superintendent and other supervisory union personnel along with any necessary central office expenditures. Supervisory union school boards decide the number of persons to be employed, their duties, and their salaries. Local districts share the services provided by the supervisory union and share the costs of operating a central office. The local school district's share of the union budget is determined by two factors: half on the basis of pupil membership and half on the basis of equalized valuation.

WHAT SERVICES DO THEY PROVIDE?

The supervisory union structure was formed so that local school districts could join together to provide themselves with necessary administrative services they could not furnish efficiently or economically alone. Services provided include: budget preparation and control; central purchasing; building programs and maintenance; state and federal, record keeping and reporting; recruitment and employment of all staff; public relations, annual reports; supervision and evaluation of all staff; curriculum development and coordination of school programs; staff development and re-training; coordination and development of state and federal programs; school health services; school lunch programs; special education programs; payroll; teacher negotiations and professional assistance to school boards in many other areas.

Central office staff function so that the above mentioned services are provided with a single goal in mind -- to provide the best possible education to the children in our communities, in a cost-effective way.

Respectfully submitted,
Donald H. Cosgrove, Superintendent
Daniel A. Cabral,
Assistant Superintendent

EXPLANATION OF SUPERINTENDENT'S AND ASSISTANT SUPERINTENDENT'S SALARY FOR 1977-1978

Chapter 189, Section 48 Revised Statutes Annotated of the State of New Hampshire, requires that the school district annual report show the total amount paid to the Superintendent of Schools as per the following quotation: "Reports. Each superintendent of a supervisory union shall annually prepare a report of the total salary paid to the superintendent, showing in detail the amount paid by the state and each local school district and their share of same. Said report shall be filed with the school board of each school district involved and shall be included in the annual report of the respective school district as a separate entry. A like report and entry shall be made for each assistant superintendent, teacher consultant, and business administrator, if any is in service in the union."

One-half of the supervisory union expenses is prorated among the several school districts of the union on the basis of adjusted valuations. One-half is prorated on the basis of average daily membership in the school for the previous school year ending June 30th. The salary of $23,500 which was received by the Superintendent of Schools of Supervisory Union #48 during 1977-1978 was made up as follows: $2,500 paid by the State of New Hampshire and $21,000 was prorated among the school districts comprising the Supervisory Union. Allowance for $800 travel within the Union was also prorated as stated above.

The salary of the Assistant Superintendent during 1977-1978 was made up as follows: $2,413 paid by the State of New Hampshire and $18,087 was prorated as stated above. Allowance for $1,700 travel within the Union was also prorated as stated above.

The table below shows the portion of salary and travel charged to each school district.

District	Adjusted Percent	Supt. Salary	Supt. Travel	Asst. Supt. Salary	Asst. Supt. Travel
Campton	14.98	$3,145.80	$119.84	$2,709.43	$254.66
Holderness	**15.03**	**3,156.30**	**120.24**	**2,718.48**	**255.51**
Plymouth	38.46	8,076.60	307.68	6,956.26	653.82
Rumney	9.62	2,020.20	76.96	1,739.97	163.54
Thornton	8.82	1,852.20	70.56	1,595.27	149.94
Waterville Valley	7.90	1,659.00	63.20	1,428.87	134.30
Wentworth	5.19	1,089.90	41.52	938.72	88.23

HOLDERNESS CENTRAL SCHOOL ANNUAL REPORT OF THE PRINCIPAL

To the School Board, Superintendent of Schools, Parents, and other residents of Holderness, I respectfully submit my annual report.

We are projecting a School District enrollment next year of approximately 330 students in grades K-12. The breakdown includes 225 at Holderness Central, 100 at Plymouth Area High, and 5 students who will be educated in facilities for the han-

dicapped. It is to be noted that this increase has required us to budget for 15 more high school students for next year than we had budgeted for this year.

We did experience personnel changes this year. However, one of the keys to building and maintaining a sound educational program is a low staff turnover. We have had to replace only a few people each year. Mr. William West is our new resource teacher. Mr. West earned his master's degree from Northern Colorado University and has several years of teaching experience in that state. Mrs. Nancy Young is teaching mathematics and reading in grades 5-8. Mrs. Young is a graduate of Bates College in Maine and has had previous teaching experience in Massachusetts. Mr. Steven Knipstein is teaching physical education and health in grades K-8. Mr. Knipstein earned his master's degree from Plymouth State College.

Keeping our public as well informed as possible is a goal that we devote much attention to. This year a newsletter will be sent out during each marking period; the "Spotlight on HCS" will appear in the **Record - Citizen** each week, and parent - teacher - student conferences will be regulary scheduled. In addition, our faculty has planned monthly evening events which are designed to enhance public understanding of our programs as well as to exhibit students projects and accomplishments. Events planned include an Open House, the Holiday Program, the Arts Evening, a physical education demonstration, our Science Fair, a three act play, and a music concert. The Friends of Holderness Central School (FHCS) will also continue to be quite active. By sponsoring suppers, book fairs, athletic contests, and bake sales, this group hopes to bring our Community closer together. Money from fund raising efforts is used to support certain student activities as well as to provide support for health and medical services for students who need assistance.

During this school year, two teacher committees are working to revise certain aspects of our program. One group is analyzing our reading program in an effort to determine our instructional needs. Necessary changes will be made based on their recommendations. Mrs. Peggy Hendel is chairing this committee. Our second group is revising our school philosophy as well as our system of reporting student progress to parents. Miss Linda Morse is chairing that committee.

We have a school system to be proud of. Both faculty and administration have worked hard during the last several years to develop a balanced, comprehensive program. The opportunities are there, for those students who apply themselves, to be well prepared for a secondary education at either a public or private school.

We are not without additional needs, however. A second day of speech therapy is needed in order to provide services twice a week for those who need it as well as to provide services for youngsters presently on a waiting list. We are also in need of establishing a transition teacher position for those students who need an additional year between kindergarten and first grade. These positions have been budgeted for and will hopefully receive the necessary support to become realities next year.

I want to express my appreciation to our faculty and staff for their conscientious and tireless efforts on behalf of the children in Holderness. It is their dedication that is so important. All of us are appreciative of the support we have received from students, school board, and our community in general. By continuing to work together we will maintain and improve what we have worked so hard for.

Respectfully submitted,
Robert C. Eames, Principal

SCHOOL NURSE'S REPORT 1977-78

Holderness seemed to be a healthy place during the school year 1977-78. With the exception of a "flood and flu" week in January 1978, our school absenteeism remained constant at 10% or less. Communicable diseases were down with just a few reported cases of chickenpox, mumps, pediculosis and impetigo. According to an immunization survey conducted by the Bureau of Communicable Disease, our lower grades are well protected and up to date. It is the Junior High and High School age group who need boosters and re-evaluation of their earlier immunizations. Please check your teenager's record - there are guidelines available at school. State law now requires certain immunizations for school entrance, and eventually complete immunization will be mandatory for school attendance at any grade level. There are free clinics locally for those needing boosters or a whole series.

Dr. Alastair Craig performed screening exams on 93 students; all children participating in interscholastic competition are checked, as well as the fourth grade. All children are weighed and measured and three grades are screened for hearing and/or visual defects. Following these examinations, twenty three youngsters were referred for medical or dental treatment, and seventeen were seen by their physicians /dentists.

There are two dental clinics in operation: 1. The prophylaxis and fluoride clinic offered by the school and Mrs. Olive Staples, R.D.H., and attended by 60 children in grades K through 4. 2. The matching funds dental clinic with Dr. Birkitt provided much needed repair work for twelve children.

During the spring, the PreSchool Vision and Hearing Clinic was held in Plymouth, twenty four five year olds were visited and administered developmental evaluations at home, and subsequently registered for school at a special orientation day.

We are very grateful for the cooperation and support of all the school personnel, the parents and the community.

Respectfully submitted,
Mary Richards, R.N.
School Nurse
January 1979

REPORT OF SCHOOL DISTRICT TREASURER FOR THE FISCAL YEAR JULY 1, 1977 TO JUNE 30, 1978

SUMMARY

Cash on Hand July 1, 1977 (Treasurer's bank balance)		$ 33,601.37
